Warnings

Your app currently targets API level 23 and must target at least API level 26 to ensure it is built on the latest APIs optimized for security and performance.

From August 2018, new apps must target at least Android 8.0 (API level 26).

From November 2018, app updates must target Android 8.0 (API level 26).

Tip: Change your app's target API level. [Learn how.](#)

Managed Google Play

☐ Turn on advanced managed Google Play features

Organizations and schools use managed Google Play to choose the apps available to their staff and students. Free apps are already available through managed Google Play. To license your paid app for organizations to purchase, or to target your app to specific organizations, turn on advanced managed Google Play features. [Learn more](#)
