Dropbox A

The iPad tablet by Apple, that uses the iOS operating system, is not really designed for large amounts of hard disk storage, as a laptop or desktop computer generally allows. That often means you turn to other means of storing files. Not always, but sometimes, and today we show you the mobile application interface to one of those ideas out of ...

How do you unlock the screen rotation? ▲

To do this, swipe down from the right side of the top panel. Hold the device in the **orientation** in which you want it locked. On the drop-down menu, touch the “Auto **Rotate**” button. The “Auto **Rotate**” button becomes the “**Rotation Locked**” button.
